

The Broncobots Bulletin.

Broncobots in the Community

The Broncobots have started a team fundraiser to celebrate the Chiefs making it to the Super Bowl! We are selling Football Squares to the community with the potential for the buyer to win between \$200-\$400 while also raising money for our robotics team. Fifty percent of the proceeds will go to the Broncobots, and the other fifty percent will be distributed among the owners with the winning squares! If you would like to participate in this fundraiser, sign up on the Broncobots Football Squares affiliate [link](#), first come first serve! The final deadline for the fundraiser ends on February 10th by 7:00 PM.

This Week @ The Shop

This week, the Broncobots have made it to the brink of finishing CAD! This marked a huge progress achievement for the team and the start of building and assembly. We also made leaps and bounds of progress on our new battery cart we'll be using at competitions. The cart is being funded by a [Lee's Summit Educational Foundation](#) student-led grant that our team won for \$1,000.

Broncobots Spotlight

Alumni: Becky M.

First year on team:

2007

Job: Human Resources
at Oracle Cerner

Favorite personal achievement: All of the major achievements the team won between 2007-11 (Chairman's and EI specifically).
