

FRC  
1987

# The Broncobots Bulletin.

## Building The ReefScape

1/25/25 - This week, Broncobots field building efforts continued. This project is one of the most crucial for our season; once ready, it will enable us to test, practice, and strategize much more effectively. Additionally, the Broncobots host other teams on our field throughout the season, providing them with the opportunity to practice on a full-scale FRC field ahead of competitions. Big thank you to our team parents who have contributed to our progress so far!

## This Week @ The Shop

This week CAD has been finishing up and manufacturing has begun! Students are hard at work machining parts, and the 3D printers are running non-stop. We have been working quicker than ever, and this season is shaping up to be one of our best yet!

# Broncobots Spotlight

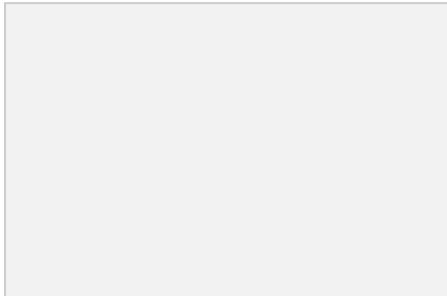

## **Student - Shiloh Z.**

**Years on the team:** 1

**Role on the team:** Mechanical

**Favorite part of Broncobots:** The Community

**Fun Fact:** Has a 745-day Duolingo streak

## **Student - Nate T.**

**Years on the team:** 4

**Subteam Focus:** CAD, Scouting

**Best Student Memory:** Going to Champs 2022

**Fun Fact:** Was the 2024 Dean's List nominee

## **Sponsor Shout-Out**

A big Broncobots thank you this week to Hallmark! They recently provided our team with parts to get our CNC mill operational this season. Our Sponsor's support is truly what our team runs on!

## Calendar

- March 2nd: R-7 Alliance Open House
- March 6-8: Central Missouri Regional
- March 27-29: Greater Kansas City Regional
