

FRC Team

1987

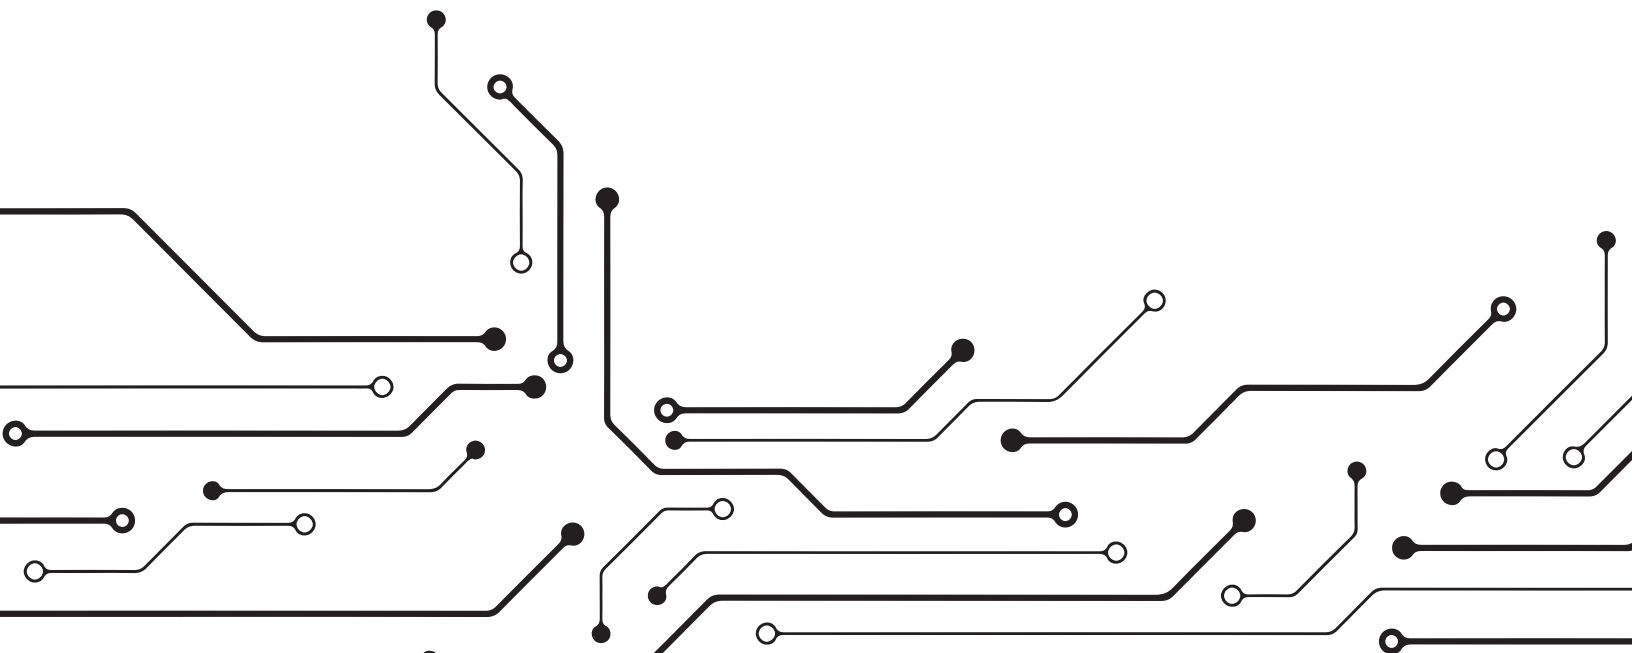

The Broncobots

2026 Impact Book

About Us.

Who We Are.

Team 1987 consists of 25 members of varied backgrounds and interests. With a wide range of sub-teams, technical & non-technical, Broncobots are challenged and guided to find their own niche. Each team member is encouraged to explore and find the place they want to work, from learning photography to building the robot, there are so many things that team members can do.

82%

That's how many of our students are in 2 or more advanced classes

100%

Of our students in the past three years have pursued higher education.

4.00

That's our team's average GPA

10+

That's the number of areas our students want to study past high school

Our Mission

In 2026 as the Broncobots enter our twentieth season we looked to redefine our mission statement with the core values that guide us in every endeavor: **BUILDING GREAT ROBOTS**, **EMPOWERING TOMORROW'S INNOVATORS**, and **UPLIFTING OUR COMMUNITY**. These core principals encompass everything Broncobots work for doing good, on the field in our community and by our students and those who come next.

**Uplift
Our
Community**

LSR7 Alliance

The LSR7 Alliance is a group formed among the three Lee's Summit high school robotics teams. The goal of the R-7 Alliance is to maintain a structured union in the R-7 STEAM community and ensure sustainability and coopertition. The Alliance works to create, promote, and educate members of our region about FIRST Robotics and reciprocate the kindness shown to us through outreach.

Years of events and teamwork through the LSR7 Alliance

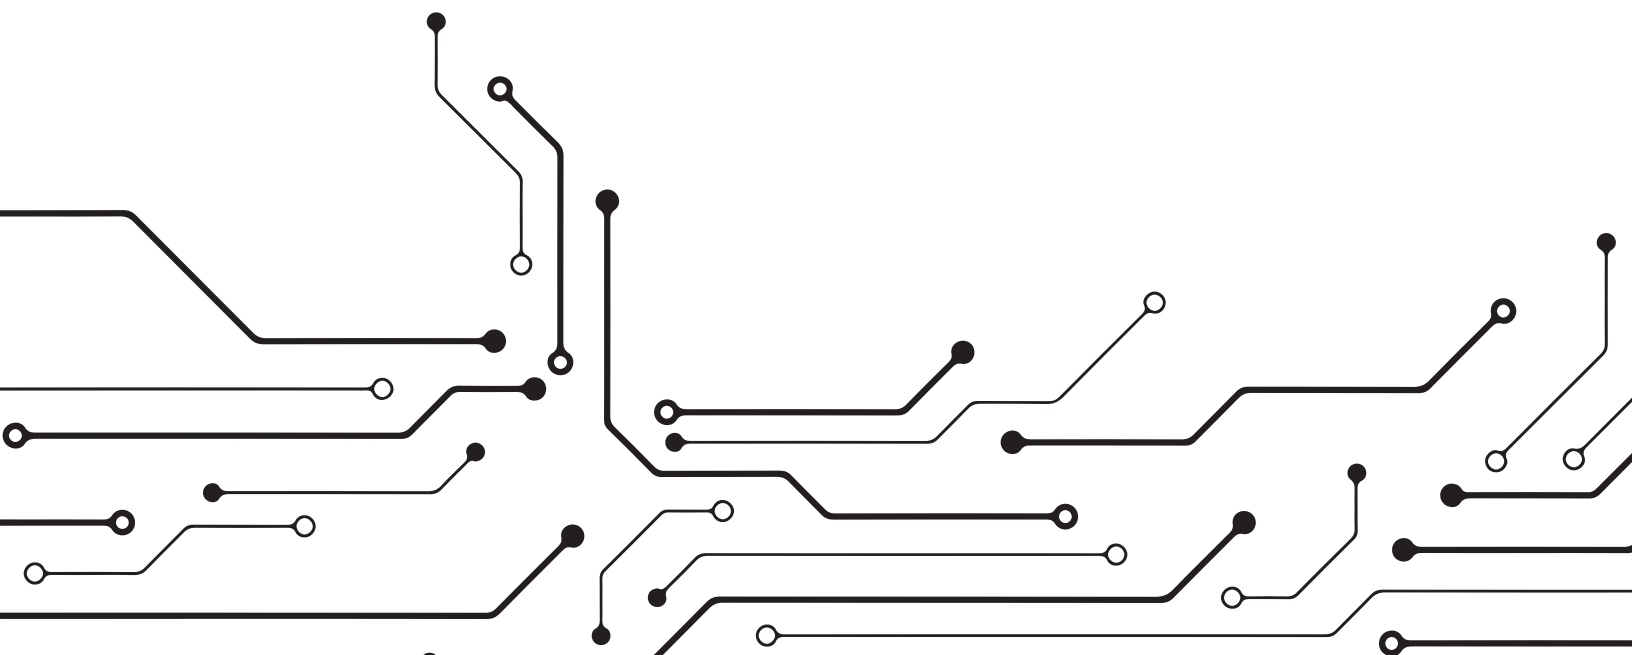

Annual Alliance Dinner

Spreading The *FIRST* Mission.

Broncobots Present.

LSN Transition Day

Every year as new freshman students arrive at Lee's Summit North for their first day, Broncobots are there to help them easily join the team and get involved!

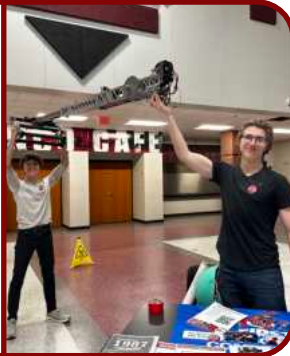

Rotary Meeting

In order to be more visible across our area, Broncobots presented at a meeting of our local rotary chapter, raising the bar for robotics visibility in KC.

Rising Freshman Night

In the spring, our school hosts Rising Freshman Night, where students and parents get the chance to see all of our school clubs, as well as our team.

VFW Meeting

Similar to the Rotary presentation, Broncobots have also continued to foster our relationship our local VFW, this year running a presentation at a chapter meeting.

Open House

The Broncobots along with our LSR-7 Alliance partners host an open house annually before the competition season begins.

You Belong Event

Each year, Broncobots showcase our robot to Elementary and Middle School Students, building a team pipeline and growing STEM visibility in our community.

Lee's Summit Elementary

This year, Broncobots presented X-STREAM night, engaging 150 young students and parents from across Lee's Summit.

Young Engineers Night

This year marked the second year of The Broncobots Young Engineers Night. For this event, parents were invited to take the night off while Broncobots hosted young students for an evening of learning and fun about STEM and FIRST.

Family STEM Night

Similar to Young Engineers Night, Broncobots invited families across our community to come and enjoy an evening of family oriented activities centered around STEM. Broncobots also offered more information about FIRST and opportunities in the FIRST community at this event.

800%

Increase in

from 2025 to 2026

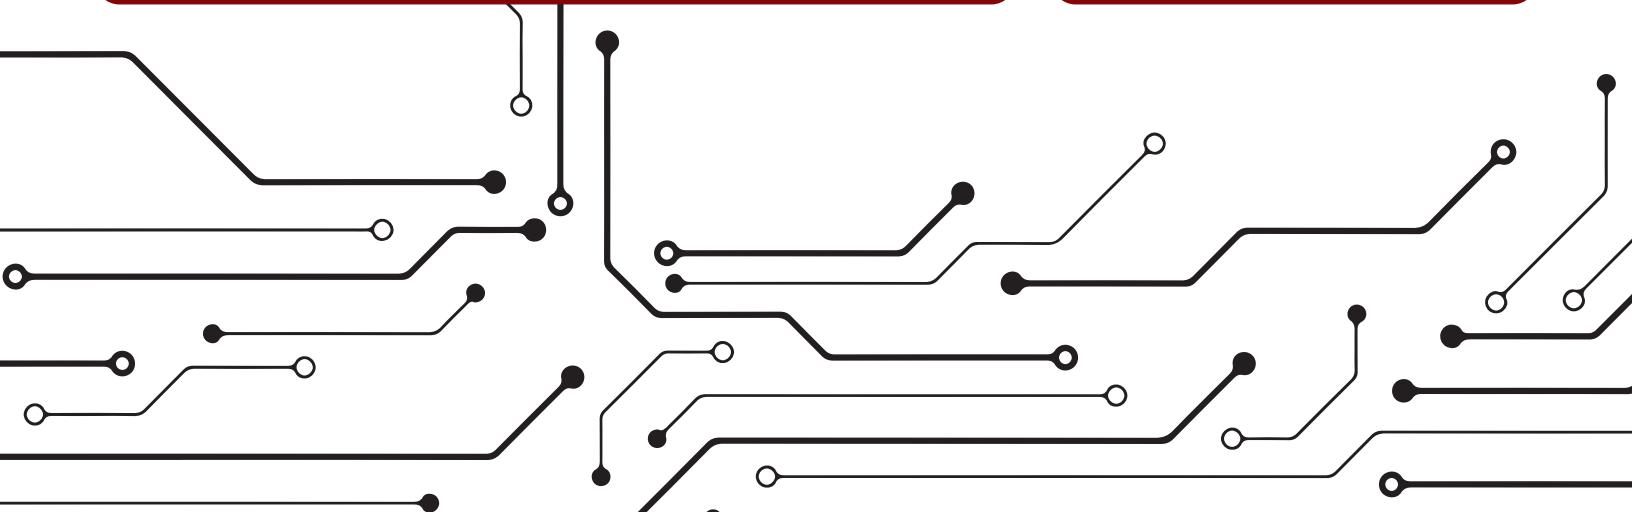

Hope House Drive

As a part of the LSR-7 Alliance, The Broncobots donate urgently needed items to the Hope House Foundation for domestic abuse victims. Each year, all three R-7 teams hold a competition to donate the most items. This friendly battle helps us donate more, and inspire a community among teams.

767

Items were
donated by The
Broncobots this
year

Media Initiatives

In the past three years, The Broncobots have worked hard to build new and innovative ways to connect with our community. We write weekly newsletters during the build season, post to our social media, and run extensive camera and graphic design trainings for our students.

The Broncobots Bulletin.

Thank You LSEF!

1/24/26 - This past week, the Broncobots were honored as a recipient of a Lee's Summit Educational Foundation student-led grant! This was the 4th successful application in a row for the team and grant writer Jackson Reed's 3rd in a row. We are incredibly grateful for the continued support of LSEF and look forward to putting this year's funds to good use: purchasing a new TV and stand for our impact presentation team, and a lens kit for our media team to get further training on industry-standard

Veteran's Day Parade

In 2024, The Broncobots started a new tradition, attending the Lee's Summit Veteran's Day Parade. Broncobots run a float with live robot demonstrations throughout the route. To us, impact isn't just about being visible in STEM fields, but raising the bar for STEM visibility across our community. We reached over 5,000 people through this event alone in 2025.

“The Veteran's Day Parade was a great experience, I loved showing off our team to our community on such a large scale!” - Jackson R.

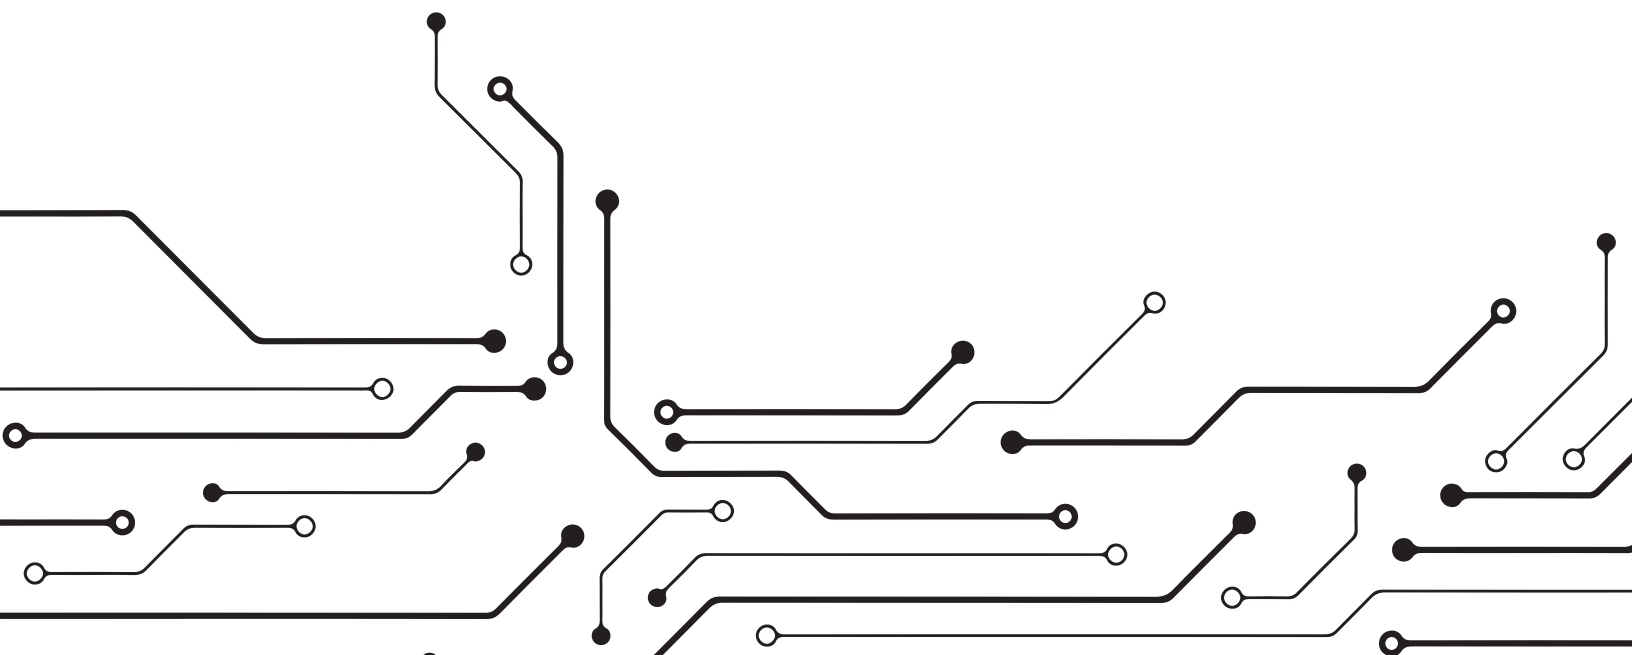

State Fair Event

In 2024, our team partnered with other Missouri *FIRST* teams to showcase our robot and give live demonstrations in a Pavilion at the Missouri State Fair. We estimate reaching over 2000 people at this event alone.

Impact on the *FIRST* Community

Broncobots do it all.

Week 0 Scrimmage

In 2023, the LSR7 Alliance hosted our last week 0 scrimmage all together, allowing other teams in the area to get a feel for the competition on a full field and practice for upcoming competitions.

KC FIRST Conference

For the past four years, Broncobots have hosted & supported the KC FIRST Conference; inviting teams and mentors from across the region in for a day of learning and fun.

Alliance Readiness

A way our team demonstrates Coopertition is through our Alliance Readiness (ALR) program. Broncobots staff at least 2 team members at each event to coordinate team resources with any team in need of assistance from spare parts to technical support. We believe that regional success comes when everyone can compete at the highest level.

The Broncobots Alliance Readiness

for some help!**

FLL & FTC Volunteering

Broncobot mentors and students volunteer at Kansas City FLL and FTC events. Whether it's judging, queuing, resetting the field or announcing, The Broncobots are always looking to give back to the FIRST Community.

KC *FIRST* Conference

For the past 4 years, Broncobots have run and hosted the KC FIRST Conference. As a part of our mission to uplift our community, we invite other teams, mentors and members of the FIRST community to come together and learn from each other. All day, attendees listened to talk, get involved at workshops, and asked questions at round table discussions. Sharing best practices and building sustainable programs one talk at a time!

Open Field

With the opening of our teams on-campus build space, Broncobots continue our mission to uplift the KC FIRST community in every way we can. During the build and competition season, Broncobots open our practice space to all teams in need. We hold scrimmages, help teams fix issues whether technical or nontechnical, provide access to our build shop, and allow teams to use our full size FRC field with complete elements for each season.

15+

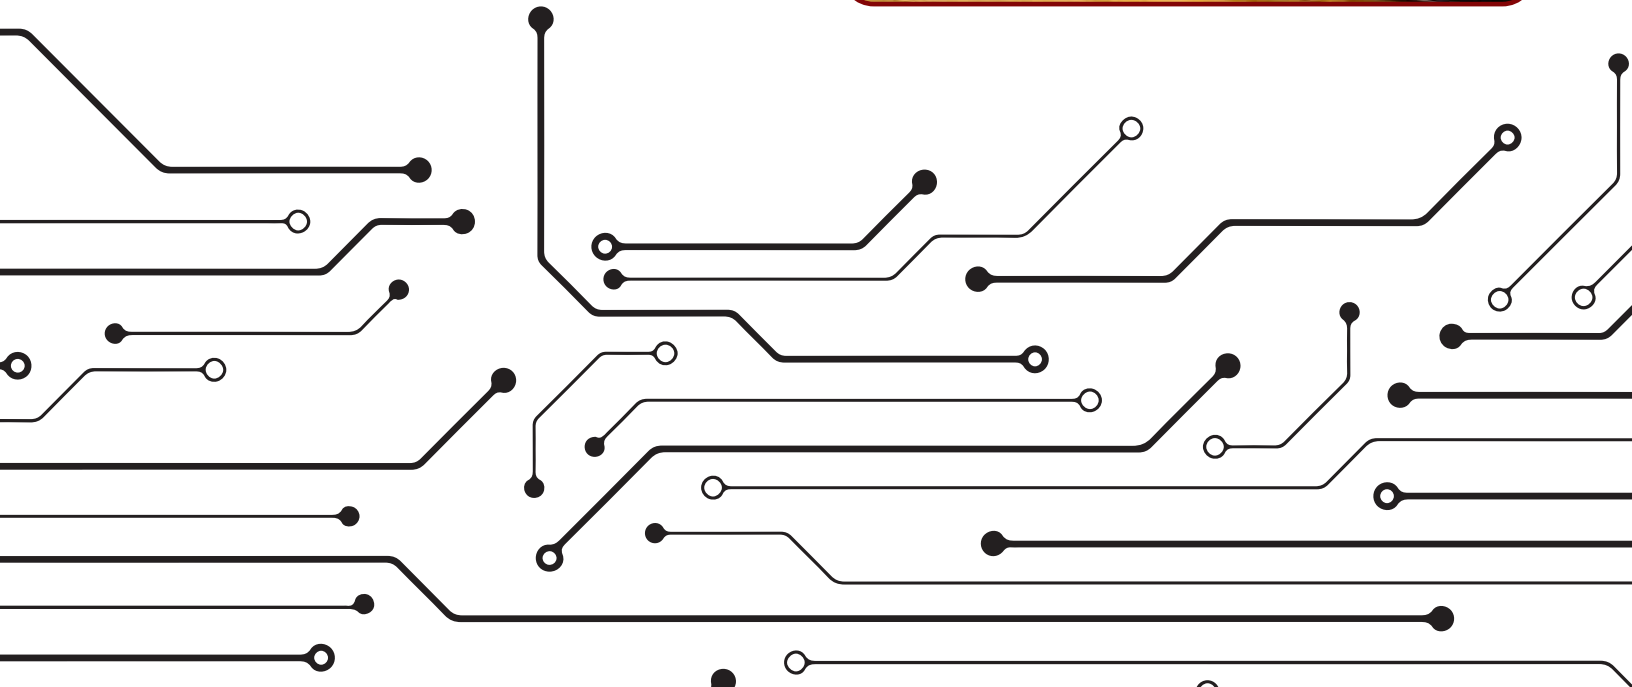

Unique regional
FRC teams hosted
in the 2025 season

FTC #26515

In 2024 team #1987 started FTC team #26515, and has since put in 400+ *hours* mentoring the team and providing constant contact with their students. Broncobot students are involved throughout their season and work hand in hand with the team. By providing constant mentorship, we ensure positive STEM experiences for students and sustain the team, building a reliable pipeline for years to come.

GKC Regional

The Broncobots heavily supported the Greater Kansas City Regional in 2020, 2022-2024 and are back for the 2026 season. With all that planning, it still takes 3 days to set up! Below is a sampling of all the things we do behind the scenes to make the event a success.

Day 1

On the first day of set-up, all the floors are covered in massive tarps and foam padding.

Day 2

Day 2, wiring for sound and lighting is installed as well as video board and *FIRST* signage.

Day 3

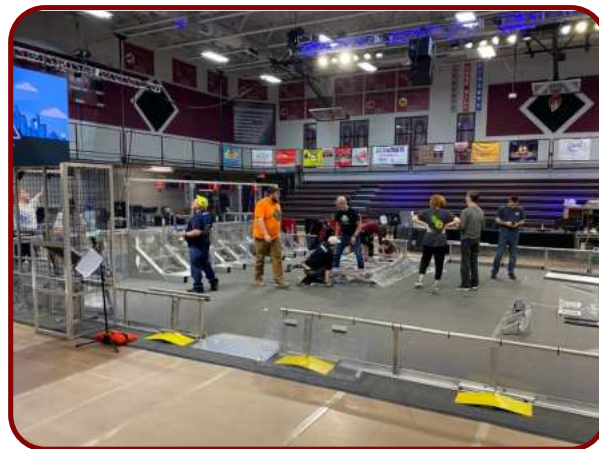

On the last day, anticipation rises as the field is assembled and the finishing touches are set.

GKC Regional

Once the field has been set-up and the pits are ready, it's go time! While our team competes on the field, we also work hard to make sure the event runs smoothly. Broncobots run the concession stand and volunteer in many other key positions throughout the event.

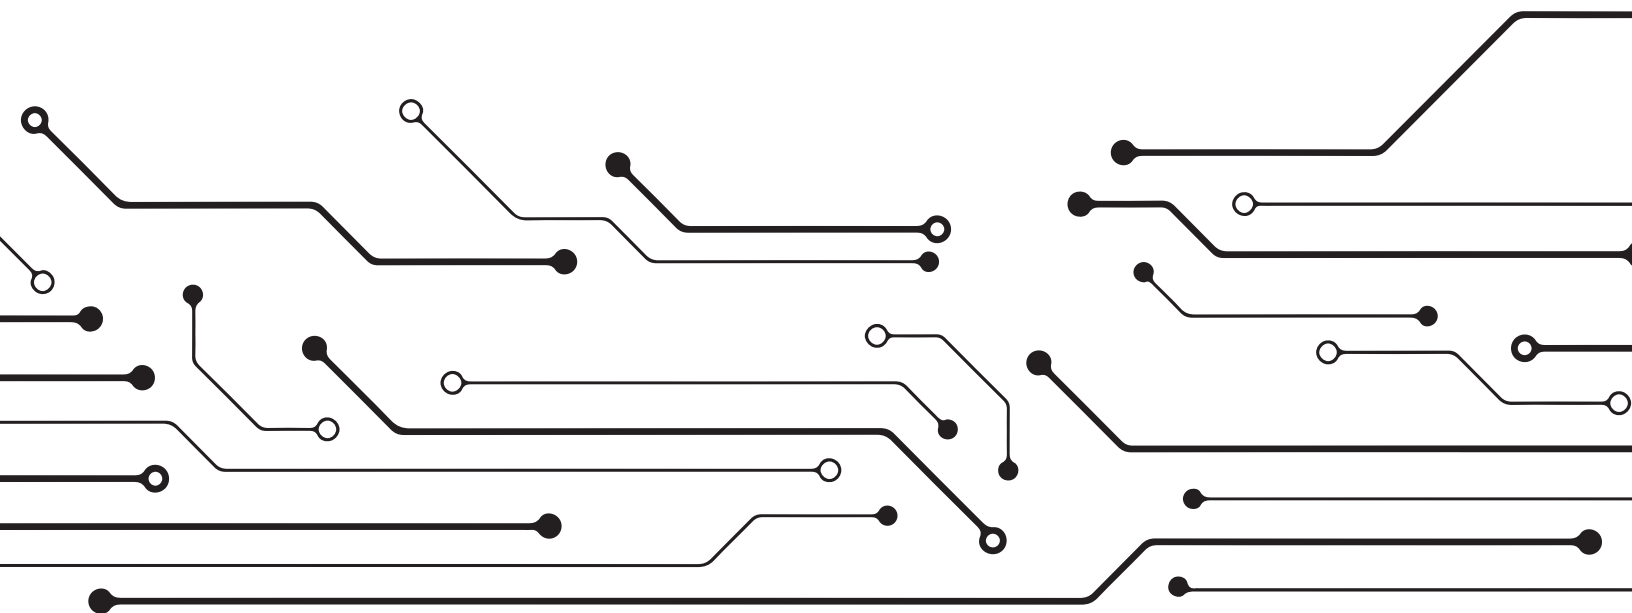

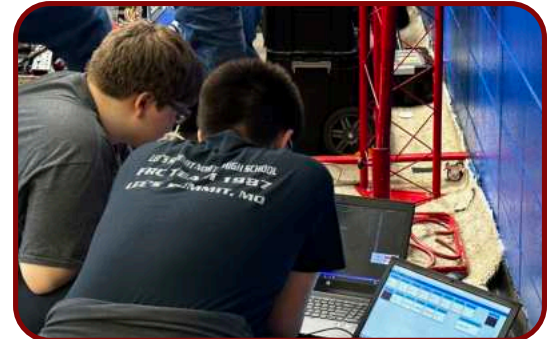

Alliance Readiness

The Alliance Readiness program is another way our team supports the FIRST community. We put in significant effort at each event we attend to ensure every team has on-field success. Broncobots staff a crew of 2 or more team members at each event who coordinate efforts to assist teams in need and Broncobot resources. We believe that success comes when everyone is able to play at the highest level.

300%

Increase in # of teams helped from 2023 to 2024 season

Project PETS

Project PETS, is another way Broncobots sustain the FIRST community in KC. Through project PETS, Broncobots give in-person hands on trainings to teams across KC on everything from wiring and electrical to programing.

15+

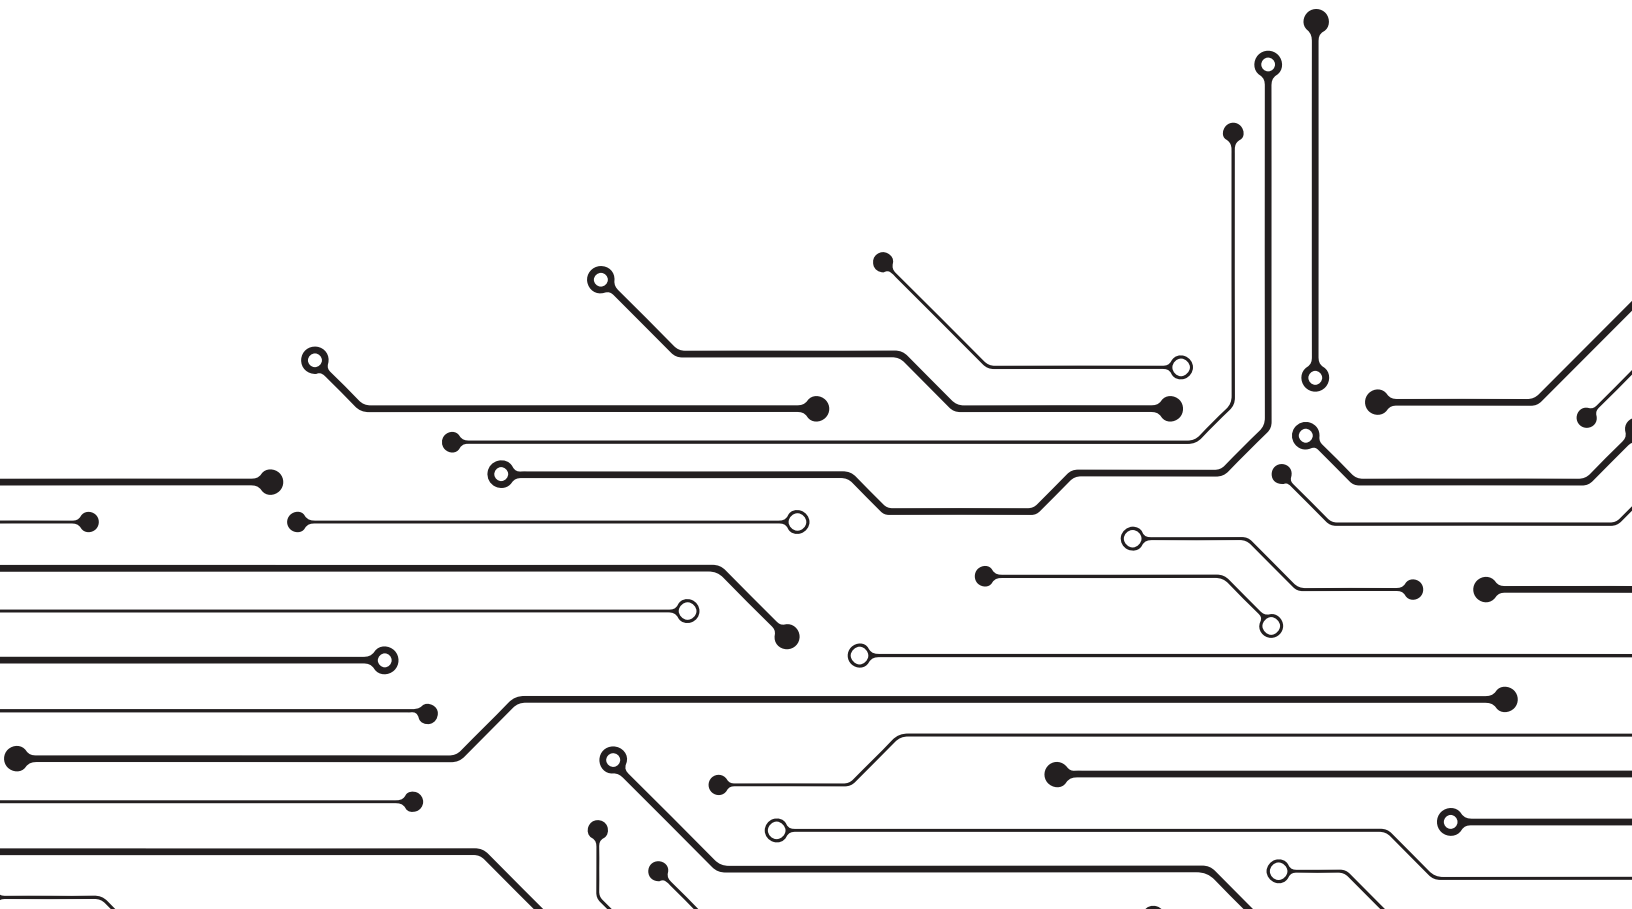

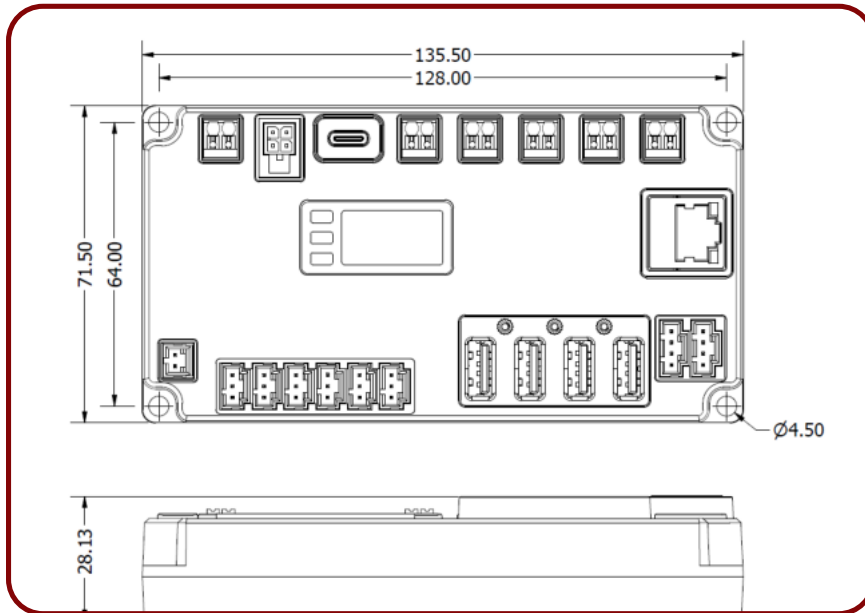

Hands on
trainings given
in the past three
years.

System Core Alpha Testing

This past summer, Broncobots were selected as 1 of 50 teams globally to Alpha test the all new System Core, providing direct feedback to FIRST on the all new controller effecting every FRC team globally.

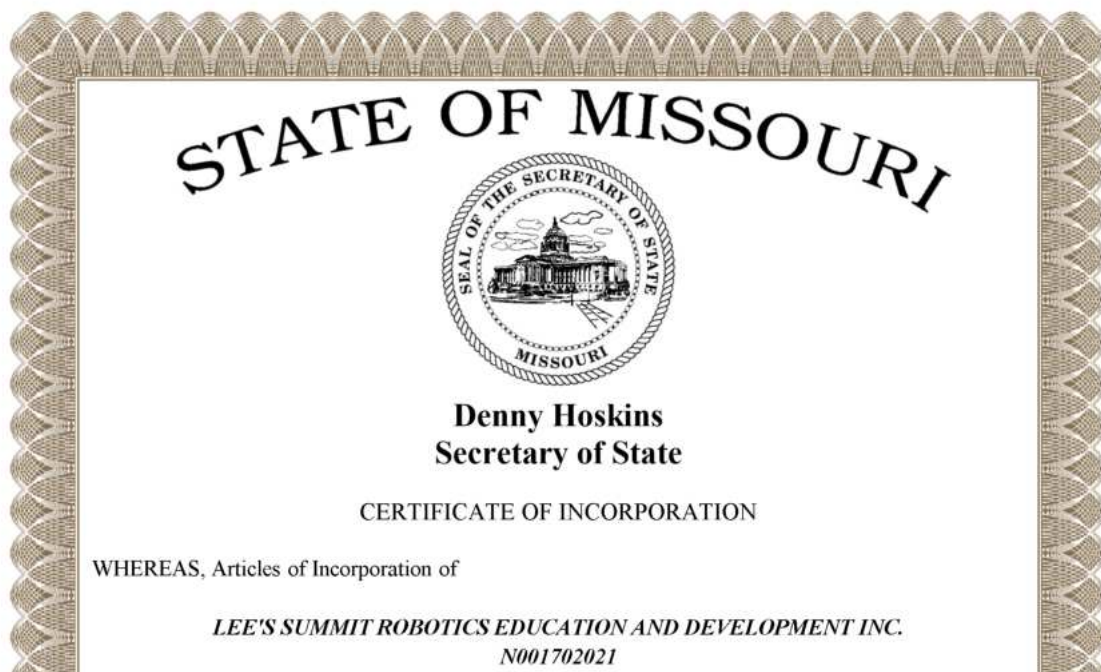

Lee's Summit Robotics Education Development

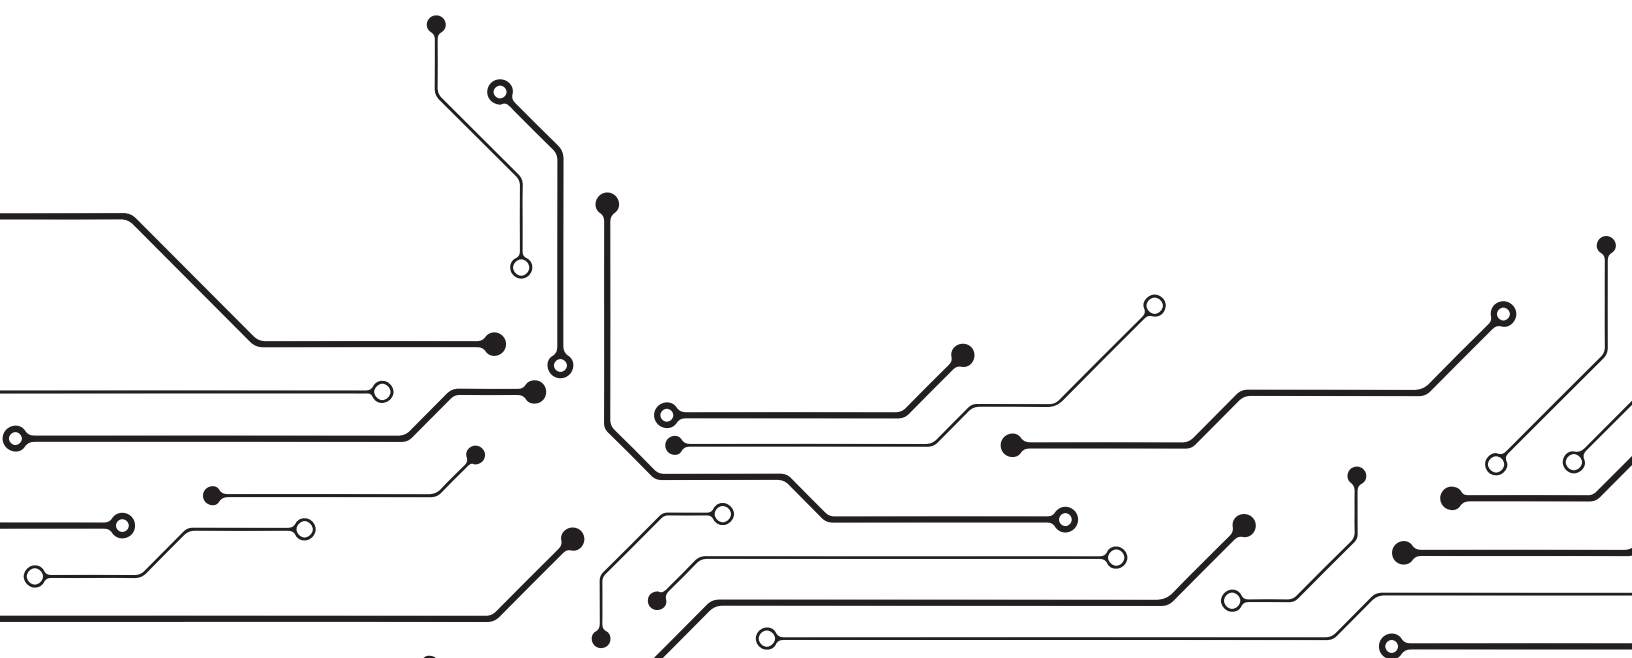

This year, Broncobots started Lee's Summit Robotics Education Development (LSRED) a 501(c)(3) organization to further our reach in our community. While very new, we have already raised over \$12,000.

1. Enable community connection
2. Support financial sustainability
3. Advocate for STEM in KC

Inspiring The STEM Future.

The Missouri STEM Alliance

Our team's widest reaching initiative ever, the Missouri STEM Alliance is a Broncobots-started state wide advocacy group advocating for the passage of the FIRST Act; a bill in the Missouri General Assembly, a bill written by Broncobots that would provide state funding for FIRST for generations to come. The bill calls for 5 million dollars a year to be set aside from the Missouri department of education budget to be distributed to school districts and charter schools throughout the state for the creation and sustainment of FIRST teams in the form of a statewide grant.

10

Teams across Missouri are in the alliance

\$5M

In state funding is proposed through the FIRST Act

The Bill

Below is the bill written by Broncobot student Jackson Reed as it was sent to Missouri House Speaker Jon Patterson.

Missouri STEM Alliance

161.1200 - New section shall be known as “For Inspiration and Recognition of Science and Technologies Act.”

161.1210 - Definitions - As used in sections 161.1200 to 161.1220 unless the context specifically requires otherwise:

(1) “FIRST” - means For Inspiration and Recognition of Science and Technology, as it pertains to the 501(c) non-profit organization of the same name as of December 5th, 2024.

161.1220 - Grants from Department of Elementary and Secondary Education to local school districts - FIRST team or programs. Each fiscal year beginning July 1, 2025 and onward, the state of Missouri shall allocate the value of five million dollars, as adjusted by the Consumer Price Index to the value estimate on July 1, 2025, to Missouri public or charter school districts for the creation and sustainment of FIRST Robotics teams or programs. School districts shall be eligible to apply for a part of these funds and receive them in the form of a grant by the Department of Elementary and Secondary Education. The application, submission, and approval of these grants shall be managed by the Missouri Department of Elementary and Secondary Education through the Office of Quality Schools. Yearly criterion and discretion shall be allowed to the Office of Quality schools. School districts and charter schools are ineligible if

(a) School districts or charter schools do not provide educational services in the state of Missouri,

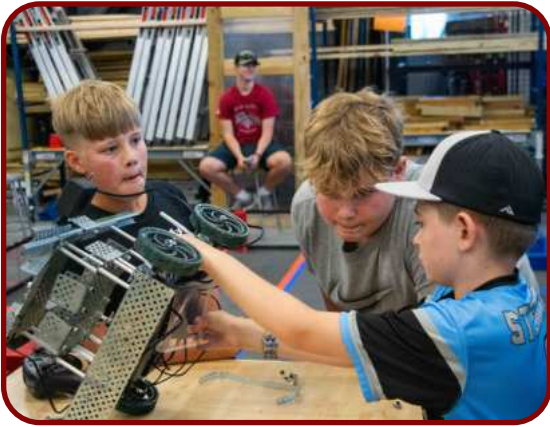

(b) Grant funds are not intended to be used for the creation or maintenance of a FIRST Robotics team or program;

The Office of Quality Schools shall be prohibited from granting more than one-eighty fifth of the total funds to any individual school district. Any excess funds left v shall be allocated for the following fiscal year's grants and shall not be considered as a part of the next fiscal year's five million dollar value allocation. Funds for FIRST shall be granted through processes described in 161.223.1, as a part of general revenue.

Robotics Camps

At Broncobots Robotics camps, campers get hands-on experience in an FTC-style game designed by Broncobot students. Throughout the week, campers get one-on-one mentorship in the program designed to get students excited about future opportunities they have in FIRST programs.

600+

Campers have been through these camps

Engineering Camps

Our Engineering Camp educates students grades 1st through 3rd on aerospace, civil, chemical, mechanical and software engineering concepts through activities they can easily understand. Team 1987 created this camp in order to engage a younger audience within our community and increase their interest in STEAM. Each day of camp is centered around exposing students to a different type of engineering through a variety of fun and engaging activities.

Subject Areas Include...

Aerospace Engineering

Chemical Engineering

Mechanical Engineering

Software Engineering

Civil Engineering

4

Days per session
of learning about
all different types
of engineering

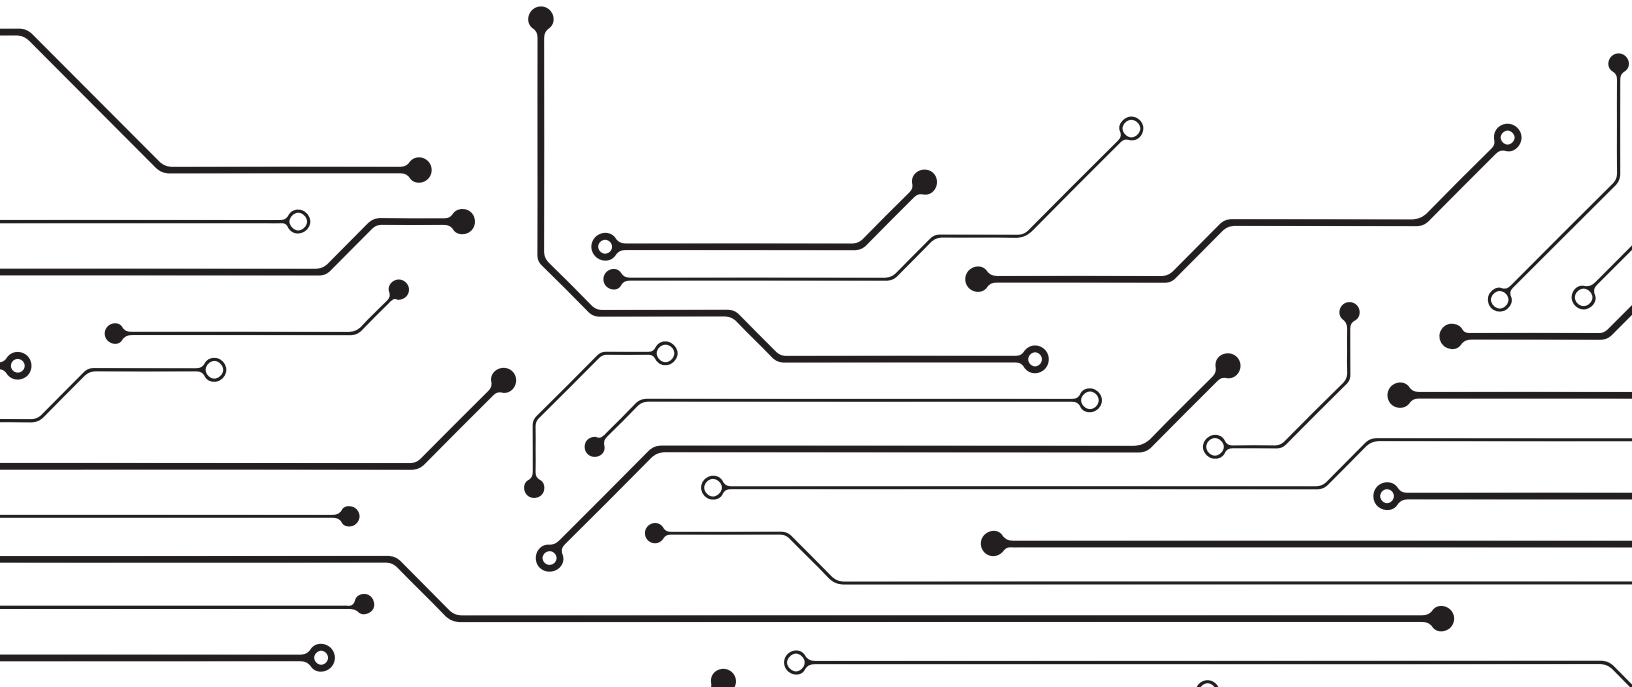

Bird House Build

The Broncobots have continued to support a district initiative called R7 Builds, which introduces 5th graders to STEAM skills through bird houses. The elementary students build birdhouses using hand and power tools with the help of our team. The Broncobots shared skills we have learned in robotics with potential future FIRST students.

"I enjoyed helping the students use the tools and making their day!"

-Sage S.

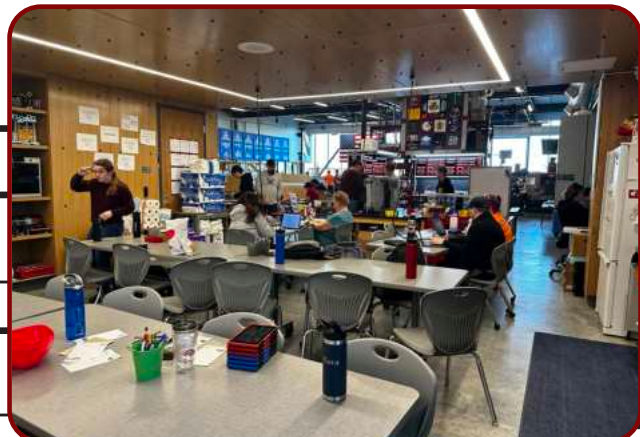

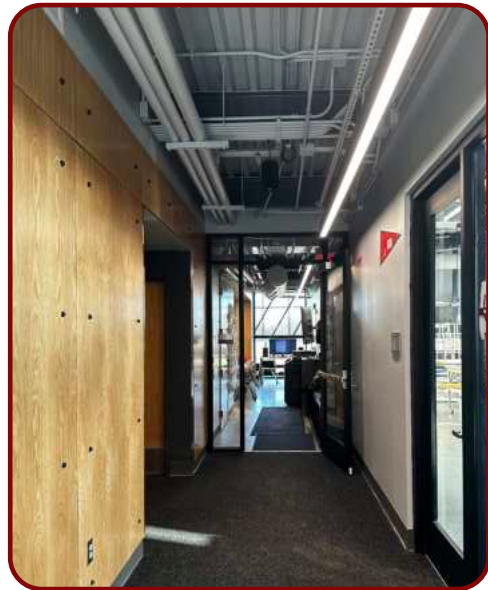

New Build Site

For over 10 years, three Lee's Summit high school robotics teams (The Broncobots, Team Titanium and Team Driven) each had their own build space on the campus of Lee's Summit High School. However, on October 20, 2022, the Lee's Summit District School Board approved construction of new robotics build sites for The Broncobots and Team Titanium and a practice field for Team Driven.

Three summers ago, those projects were finished, and for the first time in our teams 20 year history, we are located at our home school, Lee's Summit North. However, our efforts have not stopped there, as with this new space comes new opportunities. Since opening, Broncobots have already hosted multiple events and invited area teams to our space- from using our practice field to just joining us for some fun. We are committed to using what we have to benefit the KC *FIRST* Community at large.

Broncobots Boot Camp

After joining the team, Broncobots learn new skills at their own pace through self sustaining training modules known as “Broncobots Boot camp.” The modules range from safety 101 to more advanced units like pneumatics 101.

“I liked the Broncobots boot camp because it was a great way to try out the different parts of the team and find what I liked the most.”

-Keanu J.

The Basics:

- Gracious Professionalism 101**
- Communication 101**
- Safety 101
- Rules 101
- Shop Tour 101

Broncobots Boot Camp

The Broncobot Mentors are excited to share our new off-season training curriculum to prepare our Broncobots for the upcoming build season!

“The Basics” will prepare any new Broncobot to be on the team.

Machine Training:

- Saws 101
- Drills 101
- Grinder/Sander/Deburring 101
- Mill 101
- Lathe 101

In the Shop:

- Nuts & Bolts 101
- Tools 101
- Motors 101/102
- Wheels 101
- Electricity 101
- Wiring 101
- Control System 101**
- Crimping 101
- Power 101
- Soldering 101**

“In the Shop” will give Broncobots an opportunity to get some hands-on training with tools and machinery. (Note the sequence of some of the trainings below.)

“Machine Training” will be one on one with a mentor and require Safety 101 as a prerequisite.

“Workshop” trainings will be offered throughout the fall. Broncobots can sign up to attend to complete their training.

“Pathways” are designed for students who would like to expand their knowledge in one particular subteam. If you would like to work on a certain Pathway, see a mentor to discuss.

** Denotes need for Chromebook to complete the

Workshops:

- Gearbox 101
- Pneumatics 101
- Chassis 101
- Strategy 101
- Design 101

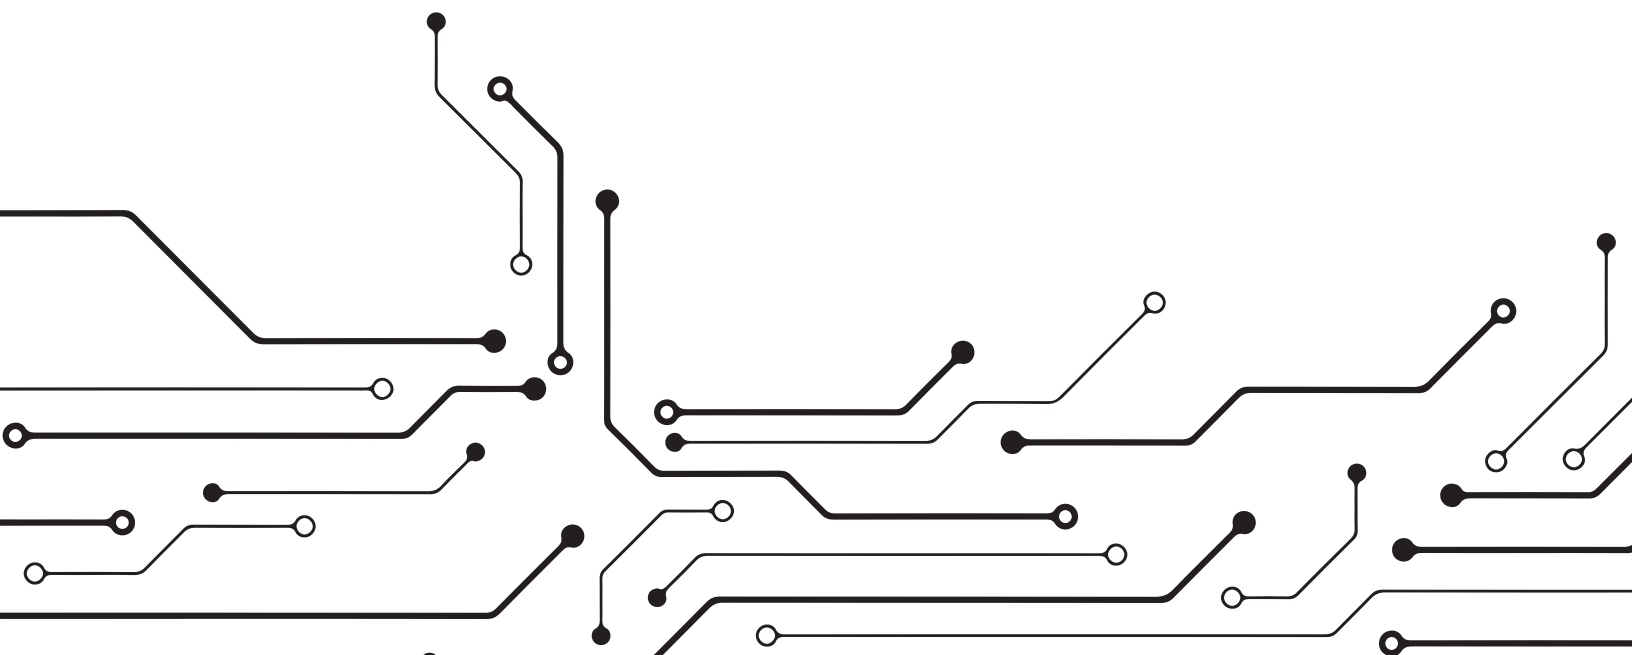

Pathways:

- Autodesk Fusion Tutorials**
- Titans of CNC Building Blocks**

Additional Information.

Team History

Everything We've Ever Done.

2007

October 31, 2006- Hosted table at Lee's Summit North's Safe Halloween Event
January 10, 2007- Began R-7 Alliance (3 Lee's Summit High School Robotics Teams) meetings
January 20, 2007- Began mailing campaign to government officials
February 20, 2007- Attended three-team pre-ship gathering
February 22, 2007- Presented at Lee's Summit Rotary Club meeting
March 15-17, 2007- Attended Greater Kansas City Regional: 5 Volunteers/15 Guests
March 29-31, 2007- Competed at Denver Regional
April 20, 2007- Presented at Lawler Gear for National Tool and Machining Association meeting
April 21- May 19, 2007- Set up robot for display at Lee's Summit North
May 23, 2007- Presented at Bernard C. Campbell Middle School
May 20, 2007- Featured in Lee's Summit Journal's article, "LSN Robotics Team Competes in CO Regional"
June 6, 2007- Presented at Lee's Summit Economic Development Council
Summer 2007- Hosted weekly summer VEX team practices
August 2, 2007- Sponsored Special Mentor Appreciation Day (Rex Luchtel)
August 15, 2007- Presented at Freshman Orientation Day at Lee's Summit North
September 20, 2007- Presented at Lee's Summit School Board meeting
September 27, 2007- Presented at Honeywell
October & November 2007- Volunteered at home football games at LSN
October 19, 2007- Demonstrated at Richardson Elementary and Hazel Grove Elementary Carnivals
October 31, 2007- Hosted table at Lee's Summit North's Safe Halloween Event
November 30, 2007- Helped with FIRST Lego League (FLL) field construction
December 21, 2007- Presented at Gayle's Harley Davidson

2008

January 7, 2008- Began weekly email updates
January 18, 2008- Hosted a visit from Shawnee Mission High School
January 20, 2008- Began food drive for Lee's Summit Social Services
February 1, 2008- Participated in three-school Lee's Summit Robotics Open Houses
February 3, 2008- Presented at Summit Lakes Middle School
February 10, 2008- Hosted a visit for Honeywell President (KC Plant)
February 12, 2008- Featured in Lee's Summit Tribune article
February 13, 2008- Began food drive for Lee's Summit Social Services

February 15, 2008- Presented at Bernard C. Campbell Middle School
February 24, 2008- Featured in Lee's Summit Tribune article, "Students Bond Through Robotics"
March 6-8, 2008- Attended Greater Kansas City Regional: 8 Volunteers/20 Guests
March 9, 2008- Featured in Lee's Summit Tribune article, "LSN Robotics Team Featured in Book"
March 14, 2008- Shown in Lee's Summit Journal article
March 16, 2008- Welcomed home sister school team, Team Driven (1730)
March 27-29, 2008- Competed in Minneapolis Regional
April 6, 2008- Presented at Lotawana Baptist Church
April 6, 2008- Presented at local Bingo raffle
April 8, 2008- Featured in book, "FIRST Robotics: Rack N Roll"
April 8, 2008- Presented at Westview Elementary
April 10, 2008- Hosted three-school picnic and food drive
April 17-19, 2008- Competed at FIRST Championships in Atlanta
April 28, 2008- Presented at Boy Scouts meeting
May 15, 2008- Presented at Lee's Summit Chalk Walk
May 21, 2008- Featured in Lee's Summit Tribune article
May 22-23, 2008- Presented at LSHS and LSNHS feeder elementary schools
May 28, 2008- Presented at Kauffman Foundation Banquet
May 30, 2008- Demonstrated at Engineering and Science Summer Institute at Kansas State University
June 6-8, 2008- Hosted booth at Lee's Summit Downtown Days
June 8-12, 2008- Hosted one week of robotics camp
June 9, 2008- Participated in Kauffman Student Day
July 8-12, 2008- Hosted one week of robotics camp
August 15, 2008- Presented at Freshman Orientation Day at Lee's Summit North
September 25, 2008- Presented at Honeywell
September 26, 2008- Sponsored a float in Lee's Summit North Homecoming Parade
October 11, 2008- Attended Liberty seminar
October 18, 2008- Demonstrated at Hazel Grove Elementary Carnival
October 31, 2008- Hosted table at Lee's Summit North's Safe Halloween Event
October 31- November 1, 2008- Helped plan, competed in, and volunteered at CowTown ThrowDown
November 9, 2008- Demonstrated at Mason Elementary Carnival
November 24, 2008- Volunteered with FLL and Jr.FLL
December 14, 2008- Volunteered with FLL and Jr. Robotics
December 17, 2008- Presented at Honeywell
December 25, 2008- Adopted a family for the holidays
December 27, 2008- Featured in Kansas City Star article
January 3, 2009- Hosted pancake breakfast & kickoff
January 5, 2009- Nominated mentor Tom Hand for US Weekend "Coach of the Year"

January 8, 2009- Featured in Lee's Summit Journal article "Friendly Robots in Lee's Summit"

January 9, 2009- Began mailing campaign to government officials

January 10 Began food drive

January 11, 2009- Began weekly newsletters

January 12, 2009- Began 'Flat Mammoth' campaign

January 12, 2009- Featured in Honeywell newsletter article

January 24, 2009- Started mentoring Team 2894- ACECC team from Kansas City

January 27, 2009- Received reply from Senator Kit Bond

January 29, 2009- Hosted a visit for Honeywell bosses, Brad and Kurt

January 29 – February 1, 2009- Began showing Broncobots Blast 2009 video on local government channel

February 1, 2009- Participated in three-school Lee's Summit Robotics Open Houses

February 3, 2009- Received reply from Senator Matt Bartle

February 6, 2009- Presented at Meadow Lane Elementary carnival

February 20, 2009- Presented at Our Lady of Lourdes School

February 26-29, 2009- Attended Greater Kansas City Regional: 15 Volunteers/15 Guests

March 2, 2009- Received reply from United States Department of Education

March 8, 2009- Co-hosted Lee's Summit Robotics Banquet

March 20, 2009- Met with Senator Matt Bartle

March 26-28, 2009- Competed at Denver Regional

April 5, 2009- Welcomed home sister school team, Team Titanium (#1986)

April 9, 2009- Participated in Spring Sports Assembly at Lee's Summit North

April 16-18, 2009- Competed at FIRST Championships in Atlanta

May 3, 2009- Volunteered at Special Olympics

May 6, 2009- Presented at Lee's Summit Economic Development Council meeting

May 9, 2009- Presented at Lee's Summit Chalk Walk

May 20, 2009- Presented at Kokam America

May 21, 2009- Presented at R-7 Board Meeting

June 4, 2009- Presented at Lee's Summit City Council Meeting

June 8-12, 2009- Hosted one week of robotics camp

June 11, 2009- Held a meeting with Candid Marketing

June 12, 2009- Held a meeting with Trustee: Mr. Rhone

June 13, 2009- Participated in RoboFest at Union Station

June 17, 2009- Held a meeting with Roy Temper and Lisa Keel

June 19, 2009- Presented at Grainger

June 24, 2009- Presented at STARBASE

June 29-July 1, 2009- Hosted one week of robotics camp

July 1, 2009- Presented at Economic Development Council Meeting

July 28, 2009- Three-team Sustain meeting

August 10, 2009-Three-team Sustain meeting

2010

August 12, 2009- Began planning for CowTown ThrowDown
August 18, 2009- Held meeting with Candid Marketing
August 20, 2009- Presented at Missouri State Fair
September 10, 2009- Presented at Back-to-School night
September 11, 2009- Sponsored a float in Lee's Summit North Homecoming Parade
October 6, 2009- Presented at Blackburn Elementary School
October 16, 2009- Participated in Cerner Friday Event
October 16, 2009- Presented at Hazel Grove Carnival
October 17, 2009- Presented at Honeywell 60th Anniversary Family Day
October 31, 2009- Hosted table at Lee's Summit North's Safe Halloween Event
November 3, 2009- Presented at Lake Lotawana Optimist Meeting
November 7, 2009- Help plan, volunteered, and participated in CowTown ThrowDown
November 14, 2009- Participated in Kansas City FIRST mentor video
November 19, 2009- Started working with Time Warner Cable's "Connect a Million Minds"
December 4, 2009- Presented at Honeywell
December 5, 2009- Volunteered at FLL Rumble at Summit Lakes Middle School
December 17, 2009- Started work with Time Warner Cable's Christie Nitsche
December 25, 2009- Adopted a family for the holidays
January 2, 2010- Featured in Lee's Summit Tribune article
January 12, 2010- Started build season with ACE Robotics
January 15, 2010- Hosted a visit for Time Warner Cable's Christie Nitsche
January 16, 2010- Began a food drive
January 17, 2010- Started weekly YouTube updates
January 19, 2010- Began mailing campaign to government officials
January 23, 2010- Created and donated 30 Haiti care packages
January 29, 2010- Sent handmade Valentines to Walter Reed Army Medical Center
January 30, 2010- Created and sent 5 large soldier care packages
February 7, 2010- Participated in three-school Lee's Summit Robotics Open Houses
February 10, 2010- Featured in Lee's Summit Journal article "Robotics-It's Not What You Think"
February 13, 2010- Received reply from Senator Matt Bartle

February 24, 2010- Pictured in Robot Magazine article for May/June 2010 issue
February 24, 2010 - Wrote Lee's Summit Journal Article "Not Just About Robots"
February 27, 2010- Volunteered with FLL
February 27-March 9, 2010- Began showing Broncobots Blast 2010 video on local government channel
March 3, 2010- Co-wrote Lee's Summit Journal article "Lee's Summit Robotics Teams Rock the KC Regionals"

March 16, 2010- Volunteered at Operation International Children
March 17, 2010- Volunteered at Warehouse Restore
March 18, 2010- Volunteered at Harvesters Food Pantry
March 19, 2010- Volunteered at Lee's Summit Social Services
March 25-27, 2010- Competed at Oklahoma Regional
April 9, 2010- Participated in Spring Sports Assembly at Lee's Summit North
April 14-17, 2010- Competed at FIRST Championships in Atlanta
June 21-25, 2010- Hosted one week of robotics camp
August 16, 2010- Presented at Missouri State Fair
September 16, 2010- Sponsored a float in Lee's Summit North Homecoming Parade
September 17, 2010- Presented at Missouri Chamber of Commerce
September 18, 2010- Presented at Overland Park Balloon Fest
September 25, 2010- Presented at Oktoberfest
October 14, 2010- Presented at Lee's Summit Rotary Club Meetings
October 15, 2010- Presented at Hazel Grove Elementary Carnival
October 31, 2010- Hosted table at Lee's Summit North's Safe Halloween Event
November 5-6, 2010- Volunteered and participated in CowTown ThrowDown
December 25, 2010 – Adopted a family for the holidays

2011

January 8, 2011- Hosted pancake breakfast & kickoff
January 23, 2011- Began food drive
February 8, 2011- Donated over 150 Valentine's Day cards to local nursing homes
February 9, 2011- Began mailing campaign to government officials
March 4-6, 2011- Attended Greater Kansas City Regional: 15 Volunteers/15 Guests
March 22, 2011- Team featured in Oklahoma City Regional advertisement poster
March 23-26, 2011- Competed at Midwest Regional
April 10, 2011- Hosted Bob Sight Ford's Drive One 4 UR School fundraiser
April 16, 2011- Participated in spring pep assembly
June 4, 2011- Moved all equipment and materials from build site provided from Metcraft Industries to new LSR-7 Robotics Center at Lee's Summit High School
June 6, 2011- Began implementing management team for administrative decisions
June 20-July 1, 2011- Co-Hosted 2 Level 1 Robotics Camps for grades 4-6 with Team Driven, 1730, from Lee's Summit High School
June 26, 2011- Hosted a booth at Kansas City Maker Faire
July 28, 2011- Co-featured in Lee's Summit Journal article "Move Over, R2-D2" with Team Driven, 1730, about Robotics Camps
August 15, 2011- Hosted booth at Freshman Transition Day at LSNHS
August 15, 2011- Hosted booth at Back-to-School Night at LSNHS
September 8, 2011- Sponsored a float in the Homecoming Parade
October 31, 2011- Hosted booth at LSN's Safe Halloween
November 4-5, 2011- Competed at CowTown ThrowDown
November 19, 2011- Volunteered at Summit Lakes FLL Rumble
November 27, 2011- Participated in Holiday for Heroes card campaign

2012

December 25, 2011- Adopted a family for the holidays

January 7, 2012- Hosted pancake breakfast & kickoff

 June 5-7, 2015- Hosted joint booth at Lee's Summit Downtown Days with R-7 Alliance
 June 8-12, 2015- Hosted Robotics Camp for grades 4-6
 June 15-19, 2015- Hosted Robotics Camp for grades 4-6
 June 22-26, 2015- Hosted 2 sessions each day, engineering camp for grades 1-3
 June 27-28, 2015- Hosted booth at Kansas City Maker Faire
 August 5-6, 2015- Hosted booth at Lee's Summit North Registration
 August 17, 2015- Hosted booth at Freshman Transition Day at Lee's Summit North
 August 25, 2015- Visit from mentor and team member from team 2230, Israel
 September 12, 2015- Demonstrated the robot and held engineering challenge at H. ROE Bartle Scout Camp for Boy Scouts of America STEM weekend
 October 1, 2015- Sponsored a float in the Homecoming Parade
 October 7, 2015- Hosted first girls only night in the shop
 October 26, 2015- Organized and held Community Impact Fundraising Event at Pizza Ranch
 October 30-31, 2015- Competed in the CowTown ThrowDown
 November 4, 2015- Hosted girls only night in the shop
 November 16, 2015- Hosted Use Your Noodle Mother & Daughter Engineering Night for local girl scouts
 November 19, 2015- Hosted Use Your Noodle Family Engineering Night
 December 25, 2015- Adopted a family for the holidays
 January 9, 2016- Hosted pancake breakfast & kickoff
 January 16, 2016- Held R-7 Robotics Alliance dinners with alliance teams in shared site space
 January 20, 2016- Presented at 8th Grade Orientation Night at Lee's Summit North
 January 23, 2016- Held R-7 Robotics Alliance dinners with alliance teams in shared site space
 January 25-February 2, 2016- Launched Supply Drive for Hope House of Lee's Summit with R-7 Alliance
 February 7-16, 2016- Launched Feed A Need Drive for school's food pantry

2017

February 9, 2016- Sent valentines to local nursing homes and Whiteman Air Force Base

February 14, 2016- Held LSR-7 Alliance open house

February 20, 2016- Helped organize scrimmage using R-7 Alliance Field

March 10-12, 2016- Competed at Greater Kansas City Regional

March 31-April 3, 2016- Competed at Hub City Regional

April 17-30, 2016- Competed at FIRST Championships in St. Louis

May 14, 2016- Competed at MO State Championships

June 3-5, 2016- Hosted a joint booth at Lee's Summit Downtown Days with R-7 Alliance

June 6-10, 2016- Hosted Robotics Camp for grades 4-6

June 13-17, 2016- Hosted Robotics Camp for grades 4-6

June 20-24, 2016- Hosted two sessions each day, engineering camp for grades 1-3

June 25-26, 2016- Hosted a booth at Kansas City Maker Faire

August 15, 2016- Hosted a booth at Freshman Transition Day at Lee's Summit North

September 23-24, 2016- Worked an Oktoberfest Fundraiser at Dr. Grider Orthodontics parking lot

October 9, 2016- Attended Mighty Matt's charity MDA walk

October 15, 2016- Stonehaus Winery parking lot fundraiser

October 22, 2016- Boy Scout Steam Punk Camporee

October 28-29, 2016- Competed and won at Cowtown ThrowDown

November 19, 2016- Volunteered at FLL concession stand

December 13, 2016- Adopted a family for the holidays

January 7, 2017- Hosted pancake breakfast & kickoff

January 19, 2017- Presented at 8th Grade Orientation Night at Lee's Summit North

January 21, 2017- Held R-7 Alliance dinners with alliance teams in shared site space

January 25- February 24, 2017- Launched supply drive for Hope House of Lee's Summit with R-7 alliance

February 11, 2017- Sent Valentines to local nursing homes and Whiteman Air Force Base

February 12, 2017- Held three-team open house

February 15-25, 2017- Launched Feed A need Drive for school's food pantry

February 18, 2017- Helped organize scrimmage using R-7 Alliance Field

February 18, 2017- Ran a concession stand for Week Zero Scrimmage

March 16-18, 2017- Competed at Greater Kansas City Regional

March 23-25, 2017- Competed at Iowa Regional

April 27-29, 2017- Competed at FIRST Championships in St. Louis

May 13, 2017- Competed at MO State Championships

June 2, 2017- Demo at Rotary BBQ with R-7 Alliance

June 4, 2017- Demo at Downtown Days with R-7 Alliance

June 5-9, 2017- Hosted Robotics Camp for grades 4-6

2018

June 12-16, 2017- Hosted Robotics Camp for grades 4-6
June 19-23, 2017- Hosted two sessions each day, engineering camp for grades 1-3
June 24-25, 2017- Hosted a booth at Kansas City Maker Faire
June 27, 2017- Presented at Boy Scout Day Camp
July 13-15, 2017- Competed at Indiana Robotics Invitational
August 3, 2017- Hosted a booth at Registration at Lee's Summit North
August 14, 2017- Hosted a booth at Freshman Transition Day at Lee's Summit North
September 29-30, 2017- Worked an Oktoberfest Fundraiser at Dr. Grider
Orthodontics parking lot
October 14, 2017- Stonehaus Winery parking lot fundraiser
October 15, 2017- Attended Mighty Matt's charity MDA walk
October 22-November 15, 2017- Mentored Junior Robotics League Team
October 27-28, 2017- Competed and won at Cowtown ThrowDown
November 11, 2017- Competed and won at K-Cup, Lawrence, KS
November 18, 2017- Ran the concession stand and volunteered at an FLL Event
December 9, 2017- Volunteered at an FLL Event
December 9, 2017- Volunteered at an FTC Event
January 6, 2018- Hosted pancake breakfast & kickoff
January 13, 2018- Held R-7 Robotics Alliance dinners with alliance teams in shared site space
January 15-February 10, 2018- Launched Supply Drive for Hope House of Lee's Summit with R-7 Alliance
January 20, 2018- Volunteered at an FLL Event
January 20, 2018- Held R-7 Robotics Alliance dinners with alliance teams in shared site space
January 25, 2018- Presented at 8th Grade Orientation Night at Lee's Summit North
February 11, 2018- Held three-team open house
February 13, 2018- Sent Valentines to local nursing homes
February 17, 2018- Helped organize scrimmage using R-7 Alliance Field
February 17, 2018- Ran a concession stand for Week Zero Scrimmage
March 9-11, 2018- Attended Heartland Regional: 15 Volunteers
March 14-17, 2018- Competed at Greater Kansas City Regional
March 28-31, 2018- Competed at Oklahoma Regional
April 7, 2018- Two sessions of Boy Scout Noodle Nights
April 27, 2018- Demo at Highland Park Elementary School Carnival
June 2, 2018- Ran concession stand fundraiser for Rockfest
June 9, 2018- Competed at MO State Championships
June 4-8, 2018- Hosted Robotics Camp for grades 4-6
June 11-15, 2018- Hosted Robotics Camp for grades 4-6
June 15-16, 2018- Held Broncobot Build Challenge
June 18-22, 2018- Hosted two sessions each day, engineering camp for grades 1-3
August 2, 2018- Hosted a booth at Registration at Lee's Summit North

2019

August 13, 2018- Hosted a booth at Freshman Transition Day at Lee's Summit North
September 7-8, 2018- Held a garage sale fundraiser
September 28-29, 2018- Worked an Oktoberfest Fundraiser at Dr. Grider
Orthodontics parking lot
October 13, 2018- Stonehaus Winery parking lot fundraiser
October 26-27, 2018- Competed at Cowtown ThrowDown
October 31, 2018- Participated in LSN's Safe Halloween
November 17, 2018- Ran the concession stand and volunteered at an FLL Event
December 19, 2018- Volunteered at Harvesters
January 5, 2019- Hosted pancake breakfast & kickoff
January 19, 2019- Held R-7 Robotics Alliance dinners with alliance teams in shared
site space
January 21-February 12, 2019- Launched Supply Drive for Hope House of Lee's
Summit with R-7 Alliance
January 23, 2019- Presented at 8th Grade Orientation Night at Lee's Summit North
January 26, 2019- Volunteered at an FLL Event
February 13, 2019- Sent Valentines to local nursing homes
March 14-16, 2019- Competed at Heartland Regional
March 21-23, 2019- Attended Greater Kansas City Regional: 16 Volunteers
April 5-7, 2019- Competed at Central Missouri Regional
April 18-21, 2019- Competed at FIRST Championships in Houston
May 18, 2019- Competed at MO State Championships
June 10-14, 2019- Hosted Robotics Camp for grades 4-6
June 14-15, 2019- Held Broncobot Build Challenge
June 17-21, 2019- Hosted two sessions each day, Engineering Camp for grades 1-3
June 22-23, 2019- Hosted a booth at Kansas City Maker Faire
July 20, 2019- Hosted a booth at KC Kids Conference
August 1, 2019- Hosted a booth at Registration at Lee's Summit North
August 12, 2019- Hosted a booth at Freshman Transition Day at Lee's Summit North
September 20-21, 2019- Held a garage sale fundraiser
September 27-28, 2019- Worked an Oktoberfest Fundraiser at Dr. Grider
Orthodontics parking lot
September 28, 2019- Hosted a booth at Honeywell Family Day
October 12, 2019- Stonehaus Winery parking lot fundraiser
October 17-19, 2019- Provided a crew for set up and tear down of a Quilt Show
October 24, 2019- Presented at the Lee's Summit Rotary Club
November 1-2, 2019- Competed at Cowtown ThrowDown
November 16, 2019- Volunteered at FLL Event Center Middle School: 2 Volunteers
November 23, 2019- Volunteered at FLL Event Bingham Middle School: 1 Volunteer
November 23, 2019- Built a modified powered car for a child at GoBabyGo Event: 6
Volunteers

2020

January 4, 2020- Hosted pancake breakfast and kickoff

January 18, 2020- Held R-7 Robotics Alliance dinner with alliance teams in shared site space

January 22, 2020- Presented at 8th Grade Orientation Night at Lee's Summit North

January 25, 2020- Volunteered at FTC Event Lee's Summit High School: 7 Volunteers

January 25, 2020- Volunteered at local FLL Championship Event: 3 Volunteers

January 25-February 6, 2020- Launched Supply Drive for Hope House of Lee's Summit with R-7 Alliance

February 1, 2020- Volunteered at FTC Event Belton Middle School: 4 Volunteers

February 1, 2020- Held R-7 Robotics Alliance dinner with alliance teams in shared site space

February 10, 2020- Sent Valentines to Whiteman Airforce Base

February 13, 2020- Sent Valentines to local nursing homes

February 15, 2020- Volunteered at FTC Event Blue Springs High School: 4 Volunteers

February 15, 2020- Helped organize scrimmage using R-7 Alliance Field

February 15, 2020- Ran a concession stand for Week Zero Scrimmage

February 28-March 1, 2020- Competed at Greater Kansas City Regional

February 28-March 1, 2020- Ran concession stand at Greater Kansas City Regional

March 8, 2020- Held three-team open house

March 12, 2020 – 2020 Season cancelled due to COVID

November 17-19, 2020- Hosted New Student Open House at the Robot shop

November 28, 2020- Hosted Programming Workshop

December 12, 2020- Hosted Programming Workshop

December 19, 2020- Hosted Programming Workshop

2021

April 10, 2021- Competed at Hangar Games

April 17, 2021- Competed at Hangar Games

May 8, 2021- Competed at Hangar Games Champs

July 5-9, 2021- Hosted one session each day, Engineering Camp for grades 1-3

July 12-16, 2021- Hosted Robotics Camp for grades 4-6

July 19-23, 2021- Hosted Robotics Camp for grades 4-6

August 12, 2021- Hosted a booth at Registration at Lee's Summit North

August 23, 2021- Hosted a booth at Freshman Transition Day at Lee's Summit North

September 20-22, 2021- Hosted New Student Open House at the Robot shop

September 24-25, 2021- Worked an Oktoberfest Fundraiser at Dr. Grider Orthodontics parking lot

October 14, 2021- Mentored FLL team at LSE

October 16-17, 2021- Held a garage sale fundraiser

October 18, 2021- Mentored FLL team at LSE

October 21, 2021- Mentored FLL team at LSE

October 25, 2021- Mentored FLL team at LSE

October 28, 2021- Mentored FLL team at LSE

2022

November 5-6, 2021- Competed at Cowtown ThrowDown
November 8, 2021- Mentored FLL team at LSE
November 11, 2021- Mentored FLL team at LSE
November 15, 2021- Mentored FLL team at LSE
November 18, 2021- Mentored FLL team at LSE
November 21, 2021- Hosted a Girl Scout Daisy Event
November 22, 2021- Mentored FLL team at LSE
November 29, 2021- Mentored FLL team at LSE
December 2, 2021- Mentored FLL team at LSE
December 5, 2021- Hosted a Mock Kickoff Event
December 18, 2021- Volunteered at FLL Event Summit Lakes Middle School: 6 Volunteers
January 29, 2022- Volunteered at FLL Championship Event Crown Center: 3 Volunteers
January 29, 2022- Volunteered at FTC Belton: 2 Volunteers
February 7, 2022- Presented at 8th Grade Orientation Night at Lee's Summit North
March 1-March 12, 2022- Launched Supply Drive for Hope House of Lee's Summit with R-7 Alliance
March 13, 2022- Held three-team open house
March 17-19, 2022- Competed at Heartland Regional
March 24-26, 2022- Volunteered at Greater Kansas City Regional
March 24-26, 2022- Ran concession stand at Greater Kansas City Regional
April 1-3, 2022- Competed at Central Missouri Regional
April 20-23, 2022- Competed at World Champs in Houston
May 10, 2022- Attended Lee's Summit City Council Meeting about potential new robotics shop space
June 13-17, 2022- Hosted one session each day, Engineering Camp for grades 1-3
June 20-24, 2022- Hosted Robotics Camp for grades 4-6
June 27-July 1, 2022- Hosted Robotics Camp for grades 4-6
July 15-18, 2022- Competed at Indiana Robotics Invitational (IRI)
August 11, 2022- Hosted a booth at Registration at Lee's Summit North
August 19, 2022- Hosted a booth at Freshman Transition Day at Lee's Summit North
September 16-17, 2022- Held a garage sale fundraiser
September 23-24, 2022- Worked an Oktoberfest Fundraiser at Dr. Grider Orthodontics parking lot
October 5, 2022- Attended Team Organization Mentor Workshop
October 19, 2022- Attended Reliable Robot Mentor Workshop
October 22, 2022- Provided a crew for tear down for a local Quilt Show
November 2, 2022- Attended Strategy Mentor Workshop
November 12, 2022- Volunteered at FLL - Troost Elementary: 3 Volunteers
November 19, 2022- FRC - F L Schlagle High School: 3 Volunteers
November 19, 2022- Hosted KC Area Student Workshops

2023

December 3, 2022- FLL - Manual Career Center: 2 Volunteers
December 3, 2022- FTC - Pleasant Lea Middle School: 5 Volunteers
December 7, 2022- Robotics Presentation at Discovery Homeschool Academy
December 10, 2022- FTC - Heritage Christian Academy: 2 Volunteers
December 10, 2022- Hosted a Mock Kickoff Event
December 17, 2022- FLL - North Kansas City High School: 1 Volunteer
December 17, 2022- Attended WPILib Workshop
December 23, 2022- Hosted a holiday party for team members
December 29, 2022- Harvesters
January 7, 2023- Hosted pancake breakfast and kickoff
January 14, 2023- FTC - East Trails Middle School: 6 Volunteers
January 18, 2023- Held R-7 Robotics Alliance dinner with alliance teams in shared site space
January 21, 2023- FTC - Yeokum Center of Innovation: 4 Volunteers
January 21, 2023- Held R-7 Robotics Alliance dinner with alliance teams in shared site space
January 22, 2023- Presented at 8th Grade Orientation Night at Lee's Summit North
January 25, 2023- Volunteered at FTC Event Lee's Summit High School: 7 Volunteers

March 19-21, 2026- Competing at Heartland Regional

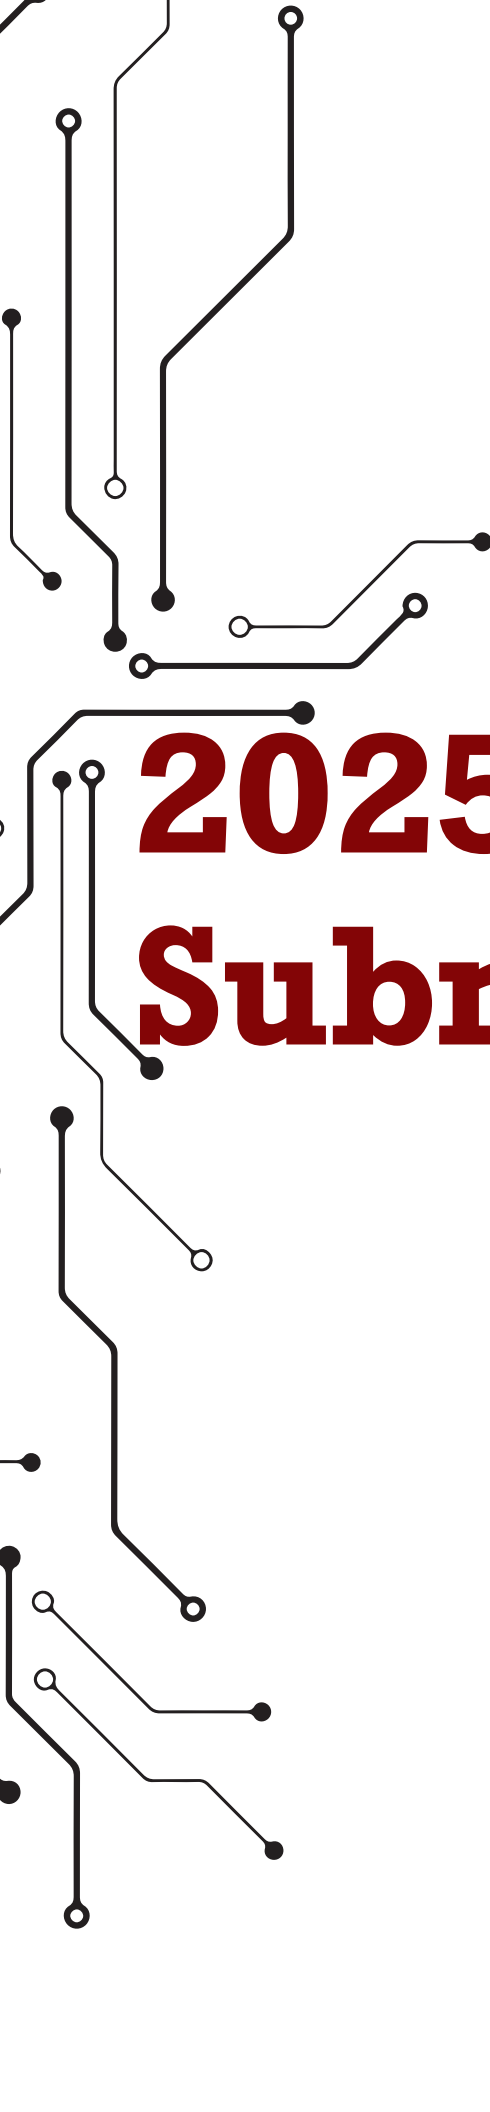

April 2-4, 2026- Competing at City of Fountains Regional

April 6-10, 2026- Supporting Greater Kansas City Regional

April 9-11, 2026- Competing at Greater Kansas City Regional

We are The Broncobots.

A series of black lines of varying thicknesses, resembling a circuit board or a stylized tree, run vertically along the left edge of the page. Some lines end in small circles, while others are open. The lines are arranged in a way that they seem to branch out from the top left towards the bottom left.
